The screenshot shows a Safari browser window with the address bar displaying "https://twitter.com/signup". The page title is "Twitter / Create an Account". The Twitter logo is in the top left, and a link "Have an account? Sign in" is in the top right. The main heading is "Join Twitter today." Below it are four input fields: "Full name" (with a placeholder "Enter your first and last name:"), "Email", "Password", and "Username". A checkbox labeled "Keep me logged-in on this computer." is checked. Below the fields is a grey box containing the text: "By clicking the button, you agree to the terms below. These Terms of Service ('Terms') govern your access to and use of the services and Twitter's website (the 'Services'), and any." To the right of this box are links for "Privacy Policy" and "Terms of Service". A large yellow button labeled "Create my account" is at the bottom of the form. A red circle is drawn around the entire sign-up form area. At the bottom of the browser window, a dock with various application icons is visible.
